

Chacko Verghese Joins the Cybersecurity Advisory Board at Rutgers University

Apr 02, 2019

Rutgers University is a public institution that was founded in 1766. It has a total undergraduate enrollment of 35,641.

South Plainfield and New Brunswick, NJ, April 2, 2019 - Seldat Technology Services, a leading provider of technology-based global supply chain solutions, announced today that Chacko Verghese, SVP and Global CTO, has accepted an invitation to become a member of the Rutgers University Cybersecurity Advisory Board.

The advisory board is a part of the Rutgers Center for Innovation Education, which provides professional and continuing education for technologists, innovators, and entrepreneurs through the recruitment of top faculty and industry experts. Board membership is comprised of a diverse and innovative network of professionals who have been invited based on professional accomplishments.

As a member of the advisory board, Mr. Verghese will:

- Support raising the visibility of the Rutgers brand
- Build relationships between industry and academia
- Provide career advice for students
- Participate in classroom, forums, and conferences
- Promote technology advancements in the curriculum

“I’m honored to have been asked to participate in the cybersecurity program where I will have an opportunity to leverage my experience and review technology programs offerings to the community,” says Chacko Verghese. “I strongly believe in building bridges between what is taught in the classroom and what is happening in business. I look forward to a very fruitful relationship.”

Chacko leads the Seldat Technology Services’ worldwide strategy and is responsible for planning, architecture, enterprise application design, infrastructure, operations, sales, and marketing. With a passion for technology and operational strategy, Mr. Verghese keeps Seldat Technology Services on the cutting edge of technology and services through innovation, differentiation and agility, while maintaining the company’s positive customer experience.

Chacko holds an engineering degree in Electronics and Communication, along with leadership training from the Ashridge Business School, UK.

About Seldat Technology Services

Seldat Technology Services is a division of Seldat Distribution, Inc. Headquartered in South Plainfield, New Jersey, USA., Seldat employs more than 2,600 people in multiple U.S. locations, as well as in Israel, Canada, and Vietnam.

Seldat Distribution provides innovative, scalable solutions and services that help companies in every link of the supply chain to grow and prosper. Our mission is to empower businesses and consumers worldwide to find, buy and sell anything -- without the limitations of borders and logistics challenges.

The Seldat Technology Services technology team truly understands the global supply chain—we develop, build, test and deploy solutions in manufacturing, warehouse and transportation operations every day. From our hands-on and continuing involvement in the changing supply chain, we possess a detailed understanding of everyday challenges and processes to stay ahead of the curve and satisfy client demands.
